

## Day Camp drop off, pick up and daily structure

We are so excited that your camper will be joining us for day camp this summer. Camper drop off is from 8:15 to 8:30 before breakfast every morning. When you arrive at camp you will see a large blue building, which is the dining hall. Feel free to park by the flag post on the side of the dining hall. In 2021 we will be handling Day Campers differently than other years.

Unfortunately we will not be able to allow flexibility in drop off and pick up, nor allow parents the freedom of our camp facility. We expect camp parents to use the Pre Camp Health Screening form 2 weeks before your camper's arrival at camp. Like overnight campers, we will be meeting camp parents at the car. Campers' temperature and symptom check will be taken, and we plan to have a nasal quick test to administer.

. A staff member will then take them into the dining hall. Pick up will be at 5:30. Again, a staff member will be waiting by the flagpole at 5:30 with your campers at the end of the day.

Day Campers and Mini Me campers will be making up their own "pod" for meals, rest hour and and inside time in the summer of 2021, much like our overnight campers will be doing with their cabin units. They will be assigned a staff member that will stay with them during the day. Day campers 11 and below and mini-me campers will be structured into activities the same as the 11 and below campers for other times during the day. Day campers 12 and up that have been vaccinated will be allowed more freedom to choose activities but they will still remain masked while participating in close quarters. Just like any groups at camp that allow mixing of pods, they will be required to wear masks when they are inside, or when they are within 6' of other campers.

We will try to vary their activities based on what they would like to do as a group and vary activities enough for varying ages. Some activities, like riding, will branch away from the pod. This will be a much more structured Day Camp than we have offered in the past. If you do not think this system will work for your child, you may want to consider overnight camp as a more flexible option. Our goal is to keep our campers safe and our camps open! While at camp, campers are provided with breakfast, lunch and all snacks they will need during the day. We do have a rest hour in the middle of the day and each day camper will be provided with a bunk in the cabin for rest hour. We would recommend bringing sheets and a pillow for your camper's bunk. If they are here for multiple days or weeks they are welcome to leave their sheets and pillow in the cabin throughout their stay.
